## COLOR MULTIFUNCTION PRINTER

simply smarter

MX-C358F

## Robust color multifunction printer

Work simply smarter with the Sharp MX-C358F color document system.

Designed to fulfill today's diverse business needs, the Sharp MX-C358F color document system enables workers to collaborate and share information seamlessly and securely throughout the office environment. Enhance your office's output of printed media that gets the attention of your audience while saving time and money!

### Easy-to-use Touchscreen

The 4.3" (diagonal) easy-to-use touchscreen display is built using **color LCD technology** which delivers highly intuitive user experiences. Easy UI mode offers users quick access to frequently used functions on a customizable touchscreen display.

### Versatile Functionality

The MX-C358F leverages the latest technology to help users get their work done with ease and efficiency. Features including **mobile device connectivity**, two-sided scanning, standard PostScript compatible printing and an optional convenience stapler enable users to easily manage their workflows.

### Leading Security

In today's hybrid working environments, protecting endpoint devices such as document systems from security breaches is vital. Using built-in multi-layered technology **Sharp can help protect against network intrusions.**

### Device Management

**Sharp Remote Device Manager\*** (SRDM) gives administrators centralized control of their networked multifunction printers (MFPs) and printers. Allows remote access to system setup, security settings, troubleshooting, and more.

*\*Some features of SRDM are not available.*

## Smart features that enhance productivity and efficiency

Customizable user interface designed to meet the needs of any office.

One-touch access to common tasks

Intuitive user interface

Simplified document security

4.3" (diagonally measured) customizable touchscreen display.

MX-C358F shown with flexible stand and 4-drawer paper deck.

- Standard **copy, print, scan and fax** capability.
- MX-C358F 4.3" (diagonal) **color LCD touchscreen** with adjustable free-tilting full-flat smooth tablet style interaction.
- **Scan two-sided color originals at speeds of up to 72 images per minute** or scan two-sided black and white originals at up to **104 images** per minute.
- Supports **letter size, legal size, cardstock, envelopes** and small media paper through the standard paper drawer or bypass tray.
- Protect your intellectual property: **a wide range of security features** help keep information safe, whether it's in a document, on the device, or over the network.
- **100-sheet duplexing** single-pass feeder.
- Offers up to **five paper sources** with available 2,001-sheet maximum paper capacity.
- Print **popular file formats** such as PDF, Word, Excel and PowerPoint directly from USB drives.
- **Flexible varied media handling** supports cardstock, small media and envelopes from the main tray or multipurpose feeder.
- Supports popular **mobile technologies** enabling users to easily print files from smartphones, tablets, laptops and Apple AirPrint.
- Optional **convenience stapler** enables users to easily organize documents.

# Smart · Connected · Secure

## Integrating technology and functionality

The MX-C358F multifunction printer delivers elevated reliability and performance.

### Duplexing Single Pass Feeder (DSPF)

100-sheet duplexing single pass feeder scans up to 72 images per minute when printing two-sided color and 104 images per minute in black and white (two-sided).

### Touchless Operation

Scan, Copy and Print Release with the Synappx Go app.

### Smart Touchscreen

Enhanced tilting color LCD touchscreen provides quick access to features and functions.

### Finishing

The easy-to-install convenience stapler (optional) lets users manually staple up to 20 sheets at a time.

### Device Management

Sharp Remote Device Manager\* gives administrators control of their networked multifunction printers (MFPs) and printers.

### Paper Handling

Paper drawers feed up to 8½" x 14" paper and support media up to 58 lb. cover. Offers up to five paper sources with available 2,001-sheet maximum paper capacity.

### AirPrint and Android Compatible

for printing on the go.

### Multi-layered Security Features

Leading-edge features provide enhanced protection of data and personal information to help protect against network intrusions. The optional trusted platform module (TPM) provides authentication, system integrity checks and cryptographic capabilities to create a unique digital fingerprint.

### Easy Access to Cloud Services

Print and scan documents to popular cloud applications directly from the control panel such as Microsoft OneDrive for Business, Google Drive™, Dropbox and Box.

### Wired and Wireless Networking

Standard Gigabit Ethernet and optional Wi-Fi network capabilities offer greater flexibility.
